

BOURBON

Whiskey 750ml

KOVAL's Single Barrel Bourbon has the requisite mash bill of at least 51% corn, but includes millet instead of the usual rye or wheat supplement. This bourbon has notes of mango chutney, vanilla, and a peppery caramel finish.

“When you order a shot of KOVAL single-barrel, organic bourbon whiskey ... it's as much a statement as a request. It's a drink, yes, but also an experience. It gives you something to talk about.” — *Chicago Tribune*

GRAIN TO BOTTLE™

KOVAL believes that the best spirits must come from the best ingredients. The grains are sourced from organic Midwestern farms, supporting the local economy and sustainable agriculture. Only the “heart cut” of the distillate is used, affording a cleaner, brighter take on whiskey. All enzymes and yeast used in production are non-GMO, and the water—an essential ingredient in distillation—is sourced from Lake Michigan using a natural charcoal purification method.
