

MILLET

Whiskey 750ml

Millet is a prized grain in Asia and Africa, as well as a popular base for spirits in Nepal. However, this is the first whiskey to be made out of it. Notes of nut and vanilla define the palate, with a clean and bright finish.

GRAIN TO BOTTLE™

KOVAL believes that the best spirits must come from the best ingredients. The grains are sourced from organic Midwestern farms, supporting the local economy and sustainable agriculture. Only the “heart cut” of the distillate is used, affording a cleaner, brighter take on whiskey. All enzymes and yeast used in production are non-GMO, and the water—an essential ingredient in distillation—is sourced from Lake Michigan using a natural charcoal purification method.
