

SUSAN FOR PRESIDENT

LIMITED EDITION SPIRITS BY KOVAL

PRUNE BRANDY

KOVAL Distillery is thrilled to announce the release of Prune Brandy, the newest member of the exceptional limited edition spirits named Susan for President.

“Susan for President is an homage to my Aunt Susan, an artist, sculptor, connoisseur of finer things and true original,” said KOVAL co-founder and president Sonat Birnecker Hart. “As part of her artistic approach to life, she casually campaigned for President of the World, passing out calling cards adorned with humorous, often risqué illustrations, and slogans such as ‘Up with fun in ’91,’ and ‘I’m with you in ’92.’ The promotion of her unattainable goal had little to do with becoming president of anything; she hated bureaucracy, and enjoyed living in Carrara, Italy, the birthplace of the anarchist philosophy. Rather, she campaigned as a celebration of art, the joys of life, and the constant striving to be the greatest version of oneself imaginable.”

Bright and elegant, a trademark of master distiller and CEO Robert Birnecker’s Austrian heritage, the nose has a balanced blend of floral, custard, and roasted almond. The thorough attention to detail used to distill Susan for President’s Prune Brandy shows in the warm, feathery mouthfeel that rounds out with a honey-like, subdued sweetness that sits well on the palette leaving an unforgettable taste.
