KOVAL Organic Whiskey is a single-grain, single-barrel whiskey handcrafted in Chicago. This whiskey contains only the pure “heart” cut distillate of our single-grain white whiskeys, aged in new American Oak barrels from The Barrel Mill in Minnesota. The wood for each barrel is carefully selected for the fineness of its grain and its tannin content, then examined before and after being cut by a highly skilled cooper. (We only use our barrels once. As we bottle, barrels are available for sale throughout the year.)

From mashing to distilling to aging, we do not outsource any step of the process or purchase whiskey base. We also source our grains from the Midwest, controlling the entire process from grain to bottle – how craft spirits should be made. KOVAL whiskey is non chill-filtered with no artificial coloring and, like all our spirits, certified organic and kosher.

Jasmine

Rose Hip Liqueur - Platinum Medal
-2012 SIP Awards-

Ginger Liqueur - Gold Medal
-2011 SIP Awards-

Chrysanthemum & Honey Liqueur - Silver Medal
-Beverage Tasting Institute-

Our liqueurs are particularly aromatic and flavorful because we use our own handcrafted white spirit as a base. Our flowers, herbs, and fruit are fresh and organic; any sediment that forms is completely natural. They are delicious as an aperitif or mixed into a cocktail.

SPIRITS

KOVAL makes a variety of specialty spirits including a **Dry Gin** and **100% Rye Vodka**. We also make variety of brandies, including a **Pear Brandy**, **Apple Brandy**, and a **Sunchoke Spirit**. While the Pear Brandy and Sunchoke Spirit are un-aged, KOVAL's Apple Brandy is aged in charred new American oak for at least 6 months.

LIMITED EDITIONS

KOVAL's Limited Edition series consist of single barrel, single grain organic whiskeys aged in a 30 gallon toasted barrel. This style of aging is more typical of Irish whiskey and is the signature style of aged whiskey produced by Robert's grandfather in Austria. All Limited Edition whiskeys are aged between 2-4 years, and the light color is indicative of aging in a toasted, as opposed to a charred, barrel. These whiskeys are all very bright and grain forward with luscious oak notes. Unaged, white whiskeys also available.
